
A romantic couple is shown in a close embrace against a brick wall. The woman, with blonde hair, is wearing a red patterned dress and has her arms around the man's neck. The man, with dark hair, is wearing a dark jacket and is looking down at her. The scene is dimly lit, with a soft purple and pink glow. The background shows a brick wall and a window with a grid pattern.

A photograph of a young couple sitting on a bed, embracing. The image has a strong red color cast. The woman is on the left, wearing a light-colored top, and the man is on the right, wearing a dark shirt. They are both looking towards each other.

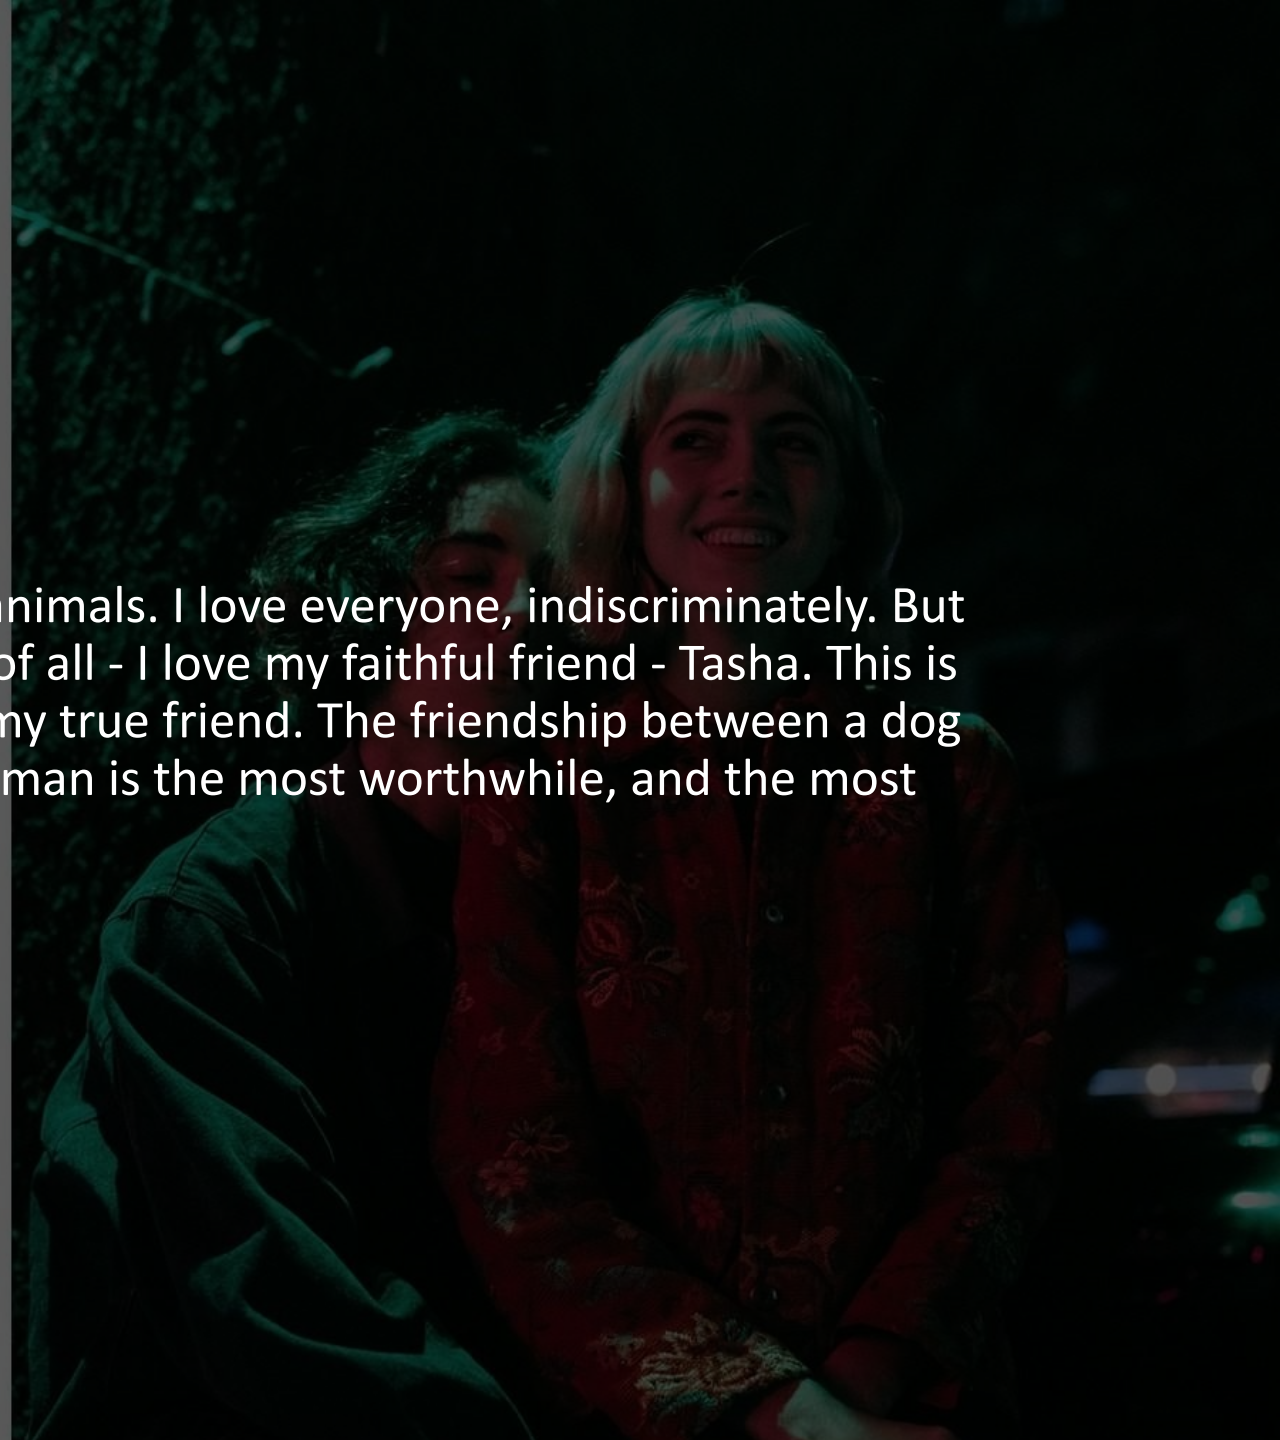

People that cling.

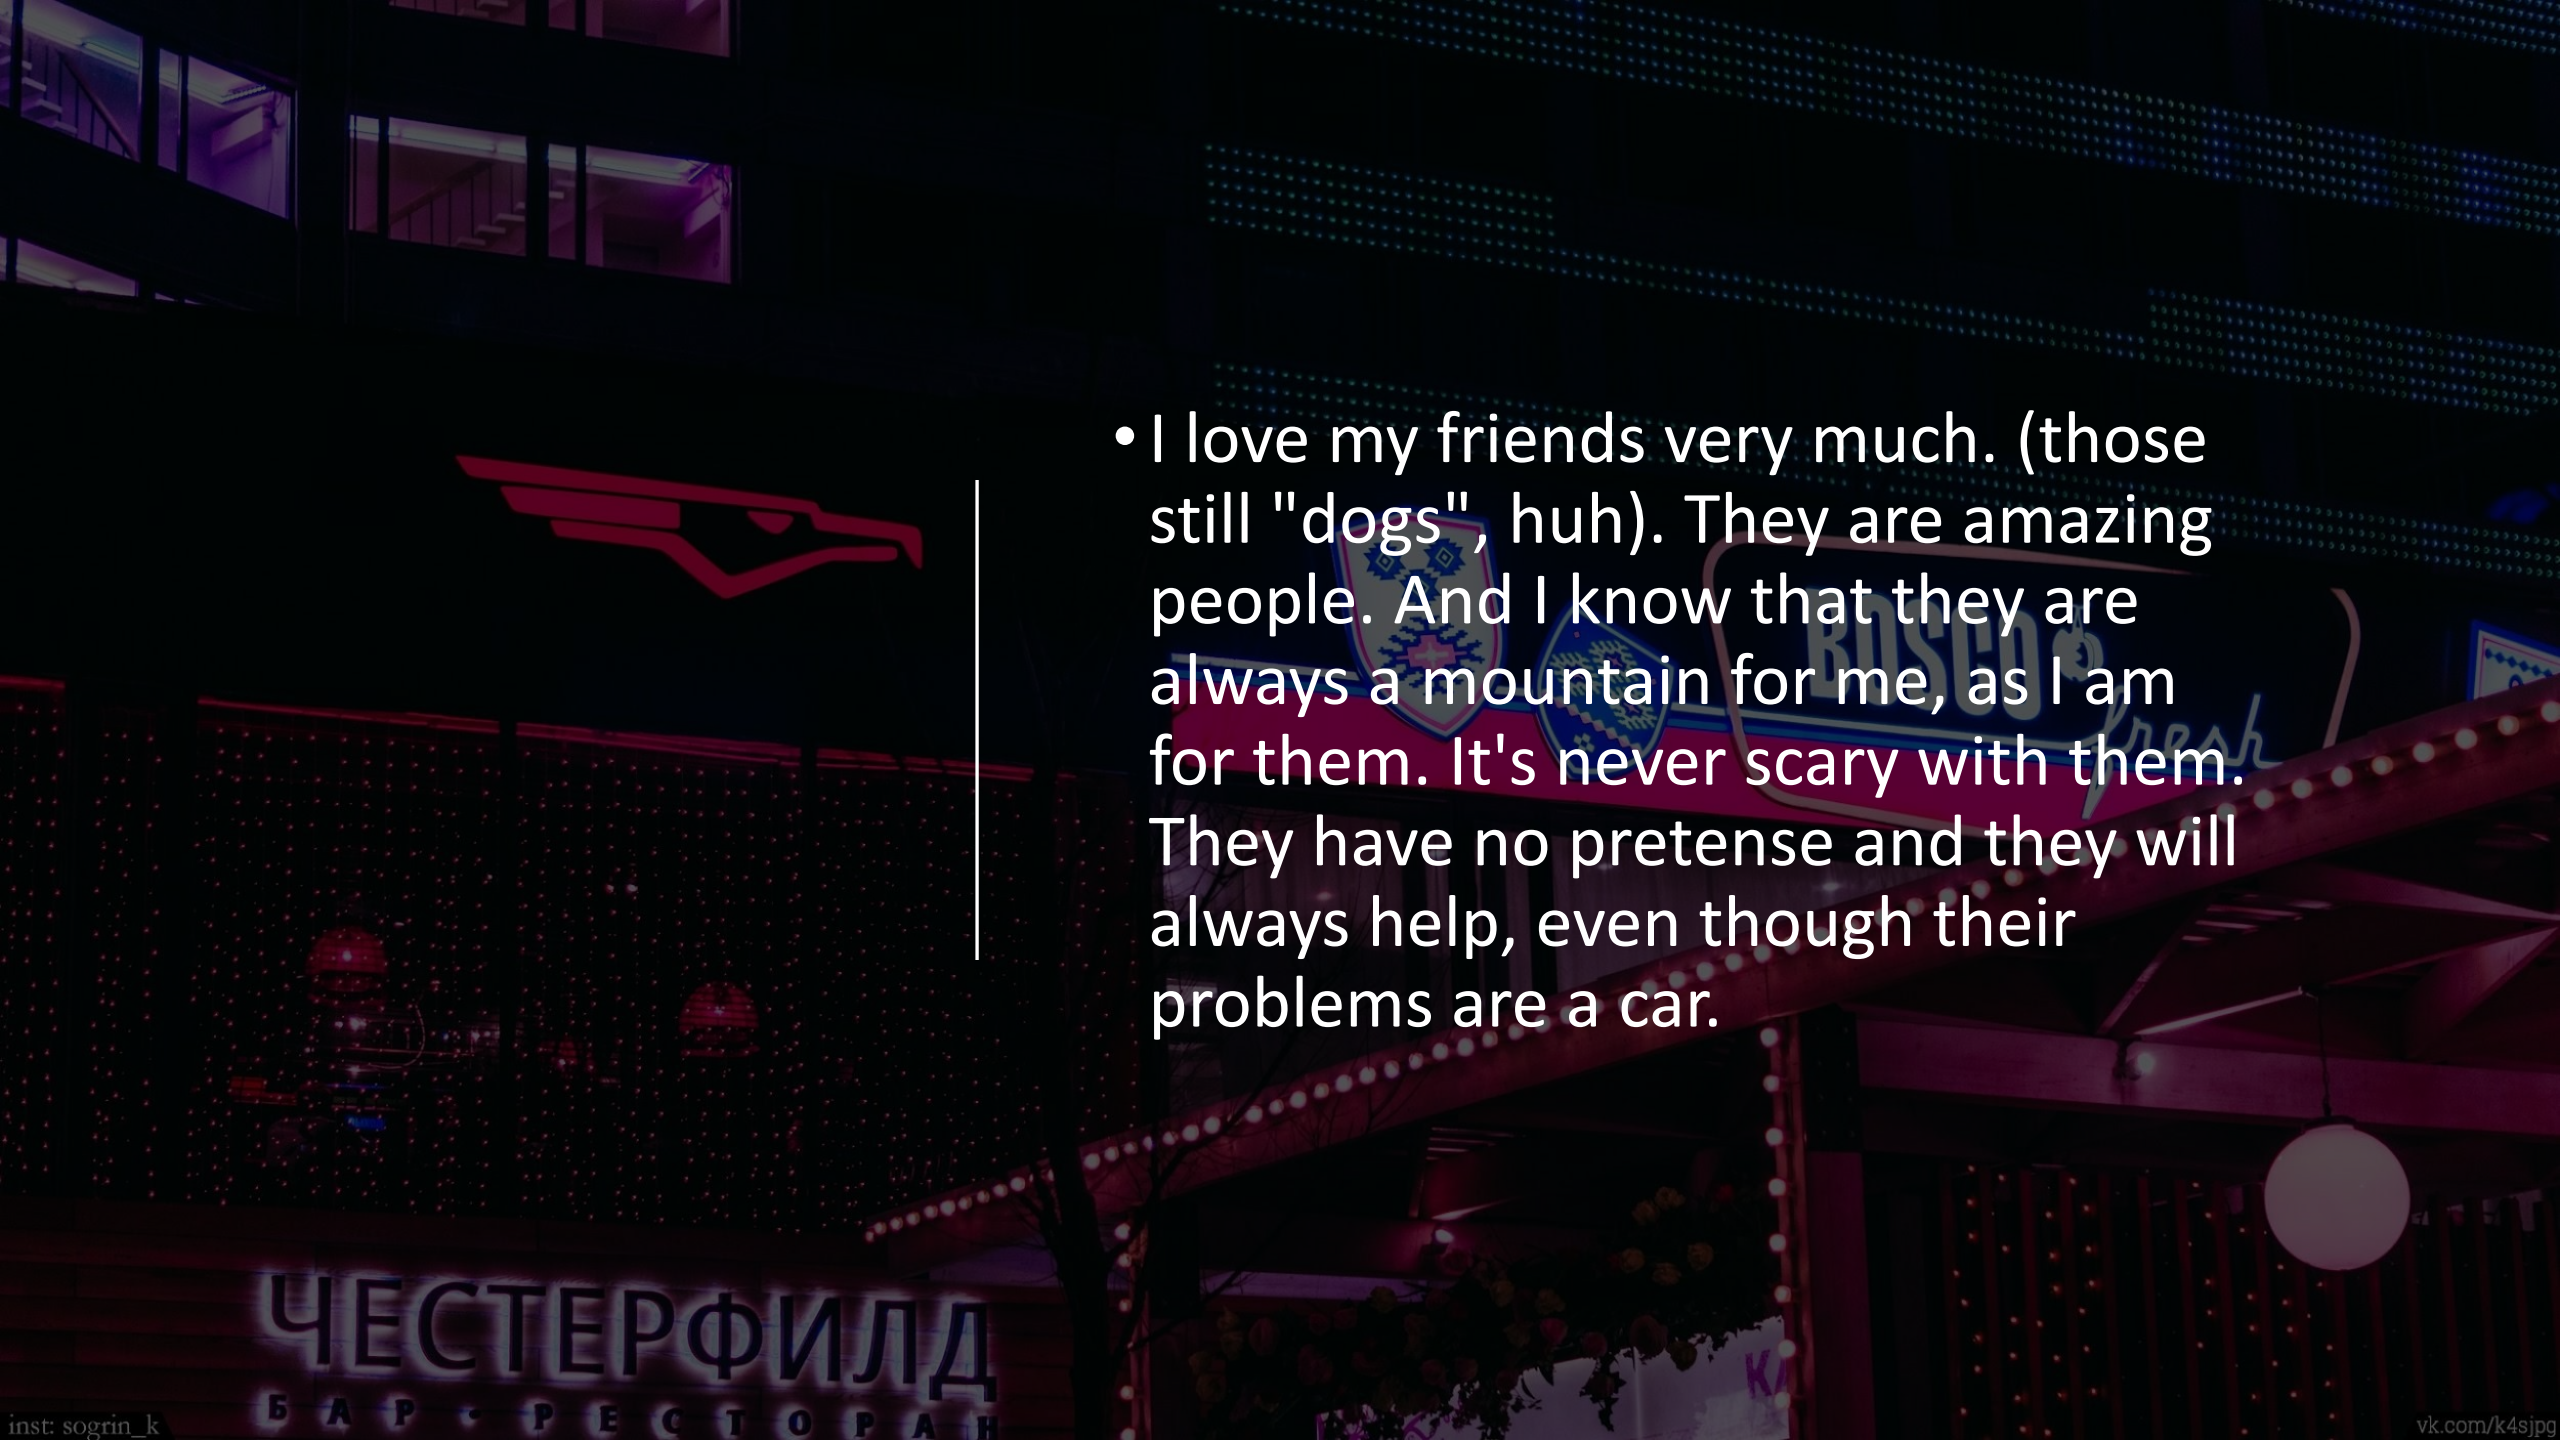

- I like people. But I love only those who catch me. Evil, really, I do not like. They scream forever and carry a negative. Of course, they have reasons for this, but still, I don't like it when there is a headache. Although, I will not lie. I myself am sometimes this way, but only because there are some moments that upset me greatly. That is my reason. (in defense of sometimes aggressing people).

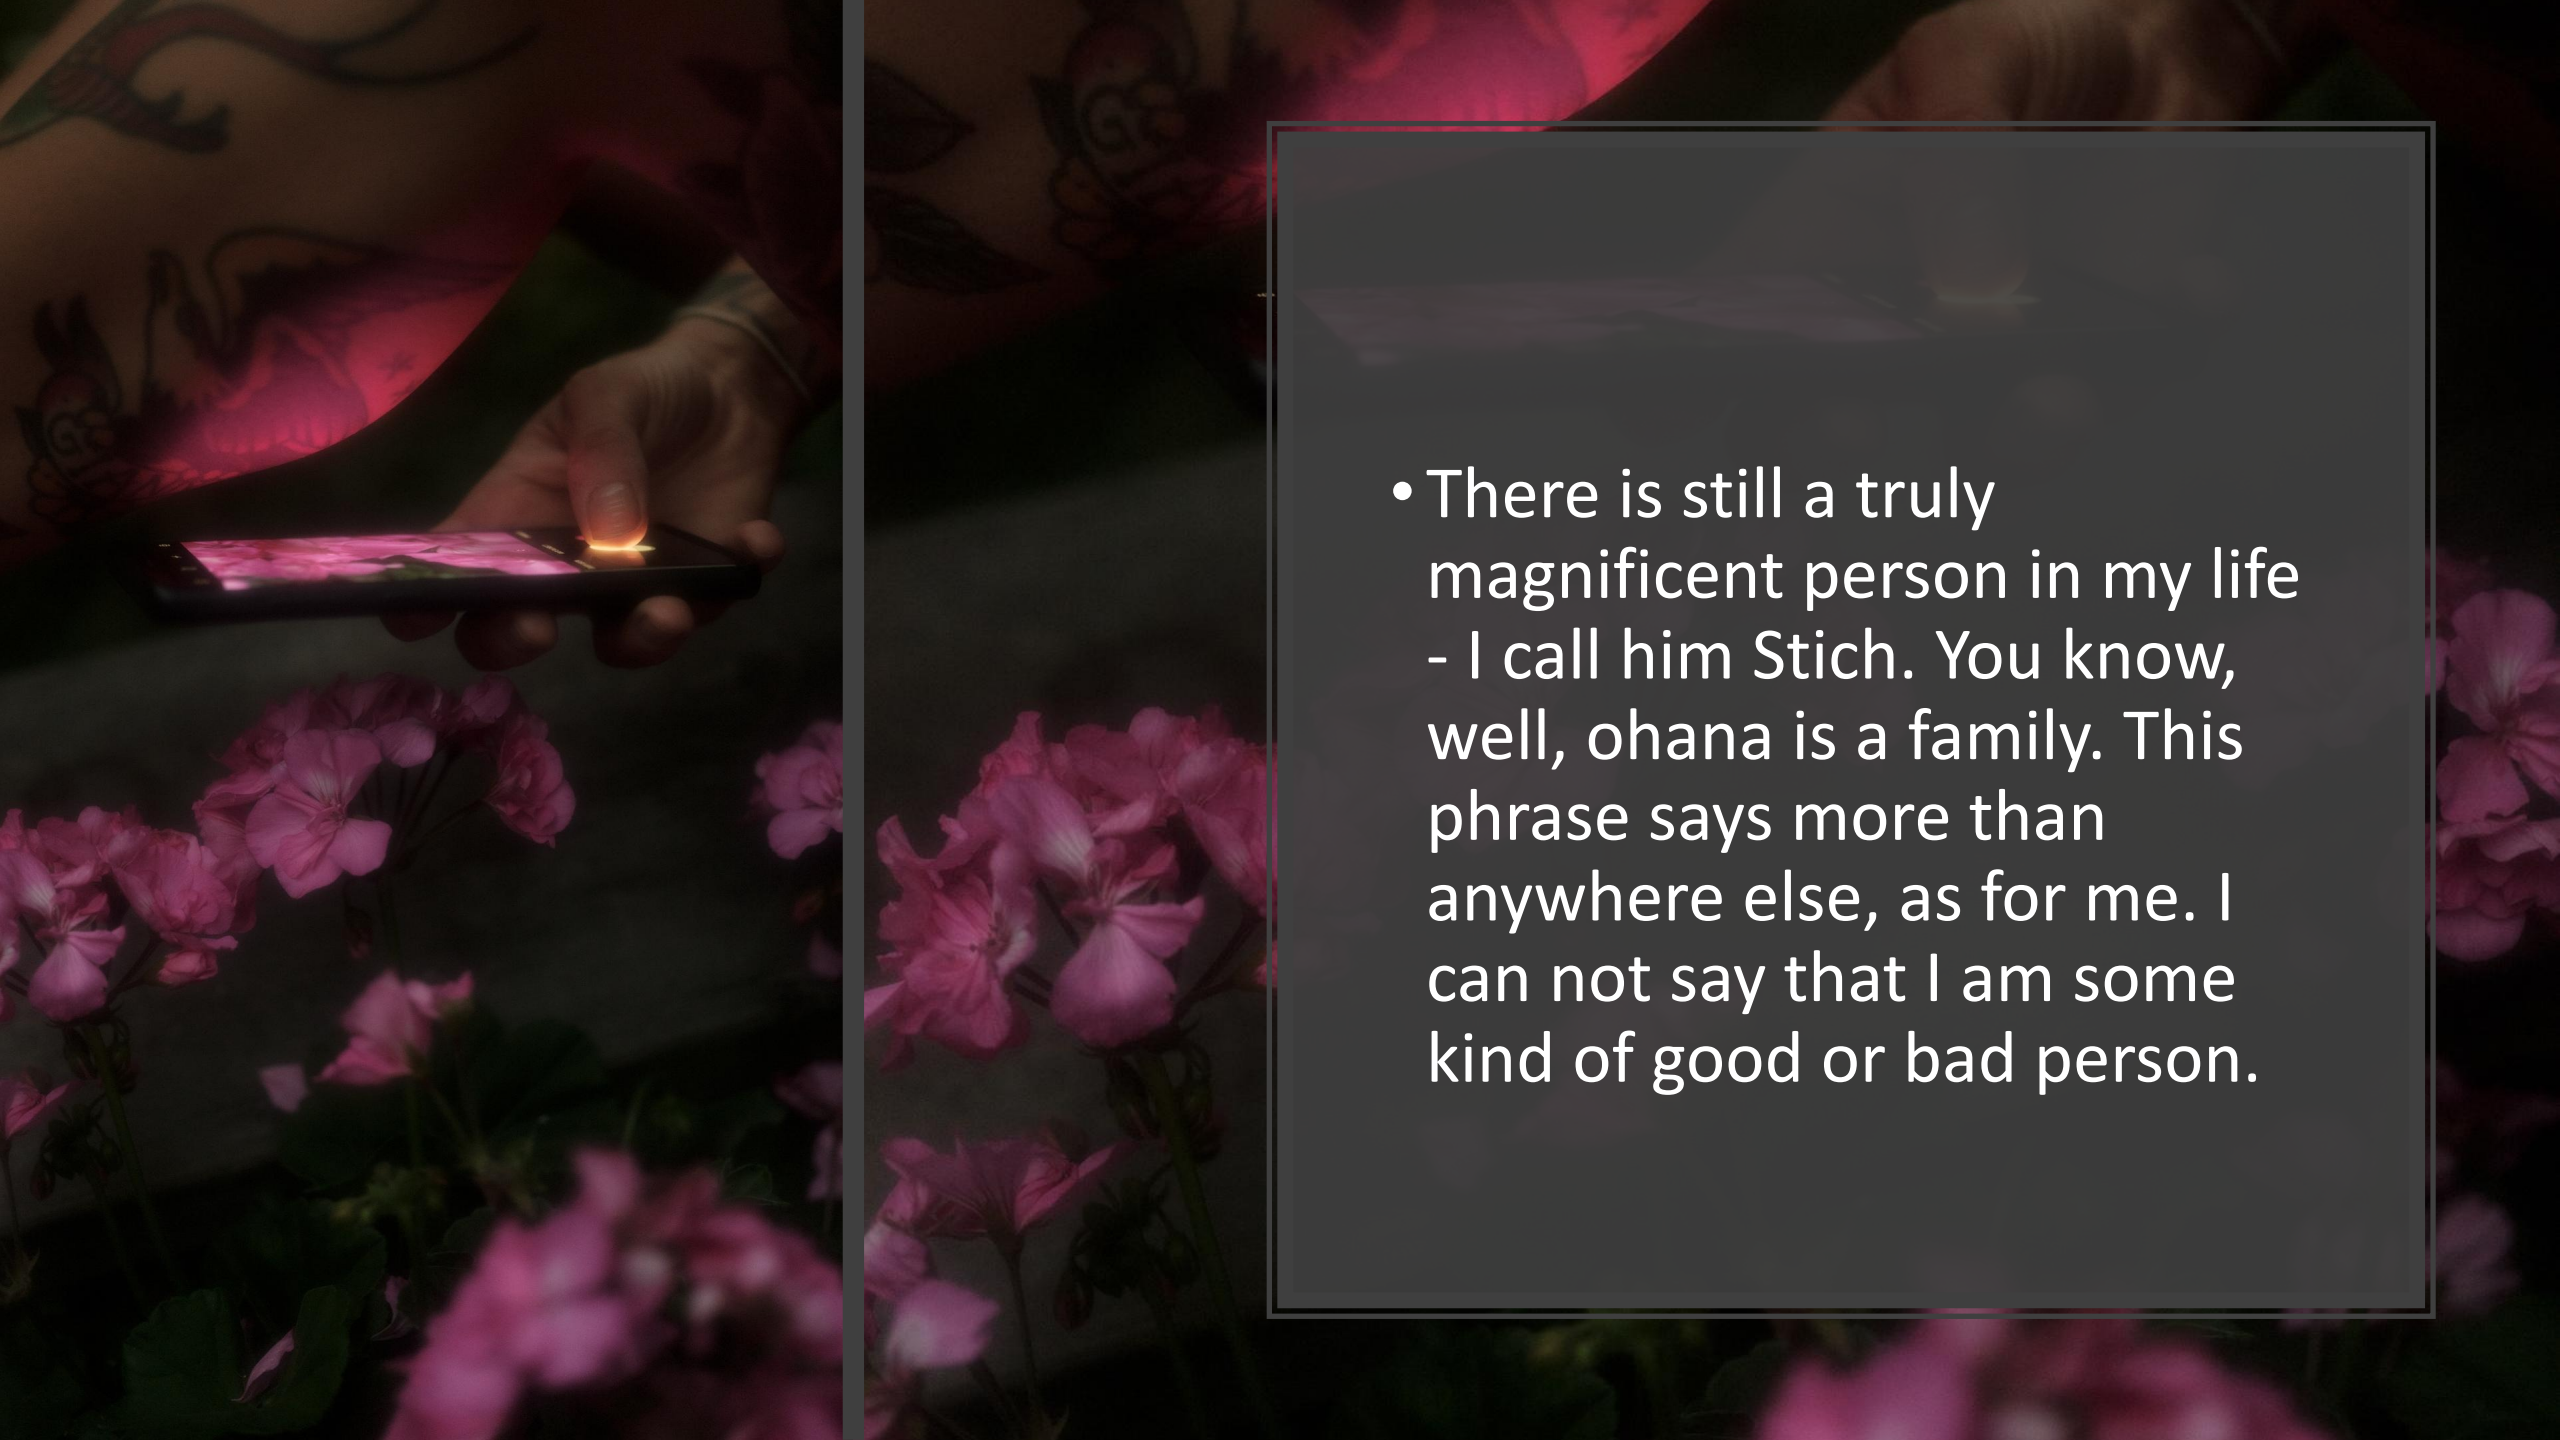

- I like animals. I love everyone, indiscriminately. But most of all - I love my faithful friend - Tasha. This is truly my true friend. The friendship between a dog and a man is the most worthwhile, and the most real.

- 
- I love my friends very much. (those still "dogs", huh). They are amazing people. And I know that they are always a mountain for me, as I am for them. It's never scary with them. They have no pretense and they will always help, even though their problems are a car.

- 
- There is still a truly magnificent person in my life - I call him Stich. You know, well, ohana is a family. This phrase says more than anywhere else, as for me. I can not say that I am some kind of good or bad person.

Fafqeip
Sooooon.

- I can not say that I am some kind of good or bad person. I'm just the way I am. I try to be better and as for me - this is important. (from that can in my life so many jams).

Just want to be better than I am. I just want to be support and support for my people. Just want them to be proud of me. I just want people to be happier because in the world, at least, if someone tries to be better, at least for one bad person, which causes pain. And on the contrary, more on the person that is afraid to inflict pain.

Thank you for your attention, for your understanding.

And, I also like dumplings, here.
