 - Moscow is the capital of Russia, its political, economic and cultural center. It was founded 8 centuries ago by Prince Yuri Dolgoruky. In the 14th century Moscow was the center of the struggle of Russian lands for the liberation from the tartar yoke. In the 16th century under Ivan the Terrible Moscow became the capital of the new united state. Though Peter the Great moved the capital to St. Petersburg in 1712, Moscow remained the heart of Russia.
 - Now Moscow is one of the most beautiful cities in the world. The heart of Moscow is Red Square. The Kremlin and St. Basil's Cathedral are masterpieces of ancient Russian architecture.
