

Chichen Itza - eine alte Stadt im Norden Yukatanu.

An aerial photograph of the Chichen Itza archaeological site. The central focus is the Temple of the Warriors, a large stepped pyramid with a wide staircase and a complex facade of columns. To its right is the Great Ballcourt, characterized by two long, parallel rows of tall, slender columns. The ruins are situated in a grassy clearing, surrounded by a dense, lush green tropical forest. The sky above is blue with scattered white clouds. Several small figures of people are visible on the ground, providing a sense of scale to the massive structures.

Chychen Itza befindet sich im
nördlichen Teil der Halbinsel Yucatan,
120 Kilometer südöstlich von der
Stadt Merida entfernt.
